Ladies and Gentlemen:

Your Finance Committee of the Board of Directors of the Cook County Health and Hospitals System met pursuant to notice on Friday, August 7, 2009 at the hour of 7:30 A.M. at Stroger Hospital, 1901 W. Harrison Street, in the fifth floor conference room, in Chicago, Illinois.

Your Finance Committee has considered the following items and upon adoption of this report, the recommendations follow.

Roll Call

Deborah Santana, Secretary to the Board, called the roll of members and it was determined that a quorum was present.

Public Comments

Chairman Carvalho asked the Secretary to call upon the registered speakers.

The Secretary called upon the following registered public speaker:

1. George Blakemore Concerned Citizen
-

Presentation on Eligibility Vendor Transition Plan

The following individuals from Chamberlin Edmunds provided a presentation on the eligibility vendor transition plan (Attachment #1): T. Ulrich Brechbühl, President and Chief Executive Officer; Kirk Reid, Executive Vice President; and Felicia Shaw, Regional Vice President of Operations.

The Committee reviewed and discussed the information.

Presentation of Year-to-Date Financials through May 2009

Dorothy Loving, Executive Director of Finance of the Cook County Health and Hospitals System, presented the Year-to-Date Financials through May 2009 (Attachment #2).

The Committee reviewed and discussed the information.

In response to a question from Chairman Carvalho regarding breaking down the self-pay further into categories, Gretchen Ryan, Project Manager for MedAssets, stated that she will provide that breakdown in the future.

While reviewing the information, Chairman Carvalho noted that the figures provided for the institutions were from May, which was when they were still at the blended rate. As of June 2009, this changed; he inquired whether this change had been accounted for. He stated that it will be part of the discussion of the June financials.

PAGE 17**

The Committee discussed request number 15, which was a request to increase the contract with Chicago Radiation Oncology, S.C. It was determined that the item would be deferred until additional information was received.

With regard to the requests to cancel and rebid the transactions, Chairman Carvalho inquired whether there was a representative from the County's Office of Contract Compliance present, who would be able to provide information that led to their recommendations to cancel and rebid the transactions. It was determined that the requests to cancel and rebid transactions would be deferred.

Director Golden, seconded by Director O'Donnell, moved the approval of the Contracts and Procurement Approval Items, as amended, with the exception of request numbers 15, 52, 53, 54, 55, and 56, which were deferred. THE MOTION CARRIED.

Chairman Carvalho abstained and voted PRESENT on request numbers 3 and 5.

Update on Contracting Issues

Ms. Duffy provided an update on contracting issues. She presented information on the status of the "go-live" August 1st takeover of purchasing and contract compliance functions, and noted several areas in which procedures will be more efficient. She also provided an update on the status of the contracts with UHC/Novation and Owens and Miner for the GPOs.

The Committee reviewed and discussed the information.

Presentation on Dollar Diversity in Supply Chain

This item was deferred.

Follow-up on outstanding requests for information

There were no outstanding requests for information to report on at this time.

Update on 2009 and 2010 Budget – Adoption and Implementation

Chairman Carvalho presented the draft template for the FY2010 Budget (Attachment #4) and provided a detailed explanation of the methodology used to construct the template.

Director O'Donnell, seconded by Director Golden, moved to approve the template for the FY2010 Budget. THE MOTION CARRIED UNANIMOUSLY.

**Review and discuss the Report of the Finance Committee
for the meeting of July 24, 2009**

Chairman Carvalho stated that this draft report was for their review; it will be included on the August 12, 2009 Board Agenda for approval.

Discussion of Litigation Matter

Director O'Donnell, seconded by Director Golden, moved to recess the regular session and convene into closed session, pursuant to an exception to the Illinois Open Meetings Act, 5 ILCS 120/2(c)(1), et seq., which permits closed meetings for consideration of "litigation, when an action against, affecting or on behalf of the particular public body has been filed and is pending before a court or administrative tribunal, or when the public body finds that an action is probable or imminent, in which case the basis for the finding shall be recorded and entered into the minutes of the closed meeting."

On the motion to recess the regular session and convene into closed session, a roll call was taken, the votes of yeas and nays being as follows:

Yeas: Chairman Carvalho and Directors Golden and O'Donnell (3)

Nays: **None**

Absent: **Muñoz and Ramirez (2)**

THE MOTION CARRIED UNANIMOUSLY and the Committee convened into closed session.

Chairman Carvalho declared that the closed session was adjourned. The Committee reconvened into regular session.

Adjournment

Director O'Donnell, seconded by Director Golden, moved to adjourn. THE MOTION CARRIED UNANIMOUSLY AND THE MEETING ADJOURNED.

Respectfully submitted,

Cook County Health and Hospitals System

**Briefing on Implementation of Eligibility Optimization Plan for the
Cook County Health and Hospital System
Finance Committee — Board of Directors**

August 7, 2009

Meeting Objective and Agenda

2

CEA appreciates the opportunity to present to the finance committee of the CCHHS Board of Directors, the implementation plan for the System's Eligibility Optimization Efforts

Presentation Objective:

- Provide finance committee with an overview of the detailed implementation plan for the Eligibility Optimization Effort that will be started on October 1st and get the committee comfortable that rollout will be effective and efficient

Agenda:

- Background
- Best Practices and Go-Forward Plan
- Implementation Plan
 - CEA Implementation Philosophy & Capabilities
 - Staged Approach at CCHHS
 - Timeline and progress to date
- Next Steps and Questions

- In the 33+ months since CEA won a competitively bid RFP to provide eligibility services for CCHHS, it has delivered roughly \$100M in gross remits, all from the very difficult disability category
- CCHHS has undergone numerous organizational and leadership changes in this brief period but one fact has been clear to all involved with the revenue cycle and that is, that the eligibility efforts have been severely sub-optimized
 - Extremely complicated and inconsistently applied referral processes
 - Multiple players (both internal and external) involved with varying levels of capability and accountability
 - Large portions of the patient population not addressed
 - Etc.
- Upon being hired to run CCHHS' revenue cycle in Q2 2008, MedAssets did a diagnostic of CCHHS eligibility efforts and realized that numerous best practices need to be adopted to optimize the net cash recovered for the System
- Key to the optimization efforts is the aggregation of accountability for eligibility with one party and the addressing of all uninsured CCHHS patients...an approach MedAssets first shared with the Board in late 2008

- Chamberlin Edmonds was selected as the eligibility partner to optimize efforts for CCHHS for a number of primary reasons
 - We have twice been selected by UHC (of which CCHHS is a member) in a highly competitive process to be the sole eligibility partner...most recently in Oct 2008 for a 5 year period through October 2013
 - We serve over 20% of the nation's large indigent care safety net hospitals and 25% of the nation's Academic Medical Centers, all with distinction and strong results
 - As the nations' largest pure play eligibility company, we uniquely have the experience, capability and capacity necessary to successfully undertake and complete a project with the scope and size of the one CCHHS is embarking on
 - Our demonstrated commitment to CCHHS' success despite, what at times, have been extremely trying circumstances
 - Our performance and the tremendous net, incremental value we have delivered in less than three years
- Late in 2008 CEA was asked to start developing a plan to comprehensively address CCHHS' eligibility needs
- Those plans have been refined and adjusted a number of times...and factor in input from a variety of sources
 - Poor historical information regarding volumes and demand have hampered planning efforts throughout

While the best and most effective eligibility programs at acute care hospitals across the country are customized to address the specifics of the individual hospital/system, there are a number of consistent practices/components that they share...we call these, best practices

Key Best Practices:

- Address the complete patient population, prioritizing resources based on a magnitude of opportunity in various segments
- Aggregate responsibility/accountability by minimizing the number of players and hand-offs in the referral process
- Make the process personal...
 - See outpatient population prior to, or at time of service, if possible
 - Visit with inpatients prior to discharge
 - Build bonds with patients and family/friends
 - Set expectations for follow-up and required evidence
 - Use patient advocacy approach
- Maximize use of EDI and IT to ensure timely and complete coordination and information transfer
- Screen for all programs including charity care at one time, minimizing patient confusion and fatigue

The Go-Forward Plan for optimizing CCHHS' eligibility efforts addresses key shortcomings of current approach and institutes best practice processes

Current Eligibility Overview

Future Optimized Effort

Number of Parties Involved:

- 5 (internal staff plus 4 vendors
- Results in referral process inefficiencies and hand-off issues
- 1, no handoffs... complete process integrity

Population Addressed:

- All Inpatients at Stroger
- All Inpatients at Oak Forest and Provident with non-disability focus
- All facilities, all patients and program types

Population Not Addressed:

- Outpatient Clinics
- Emergency Department
- Disability at Oak Forest and Provident
- None

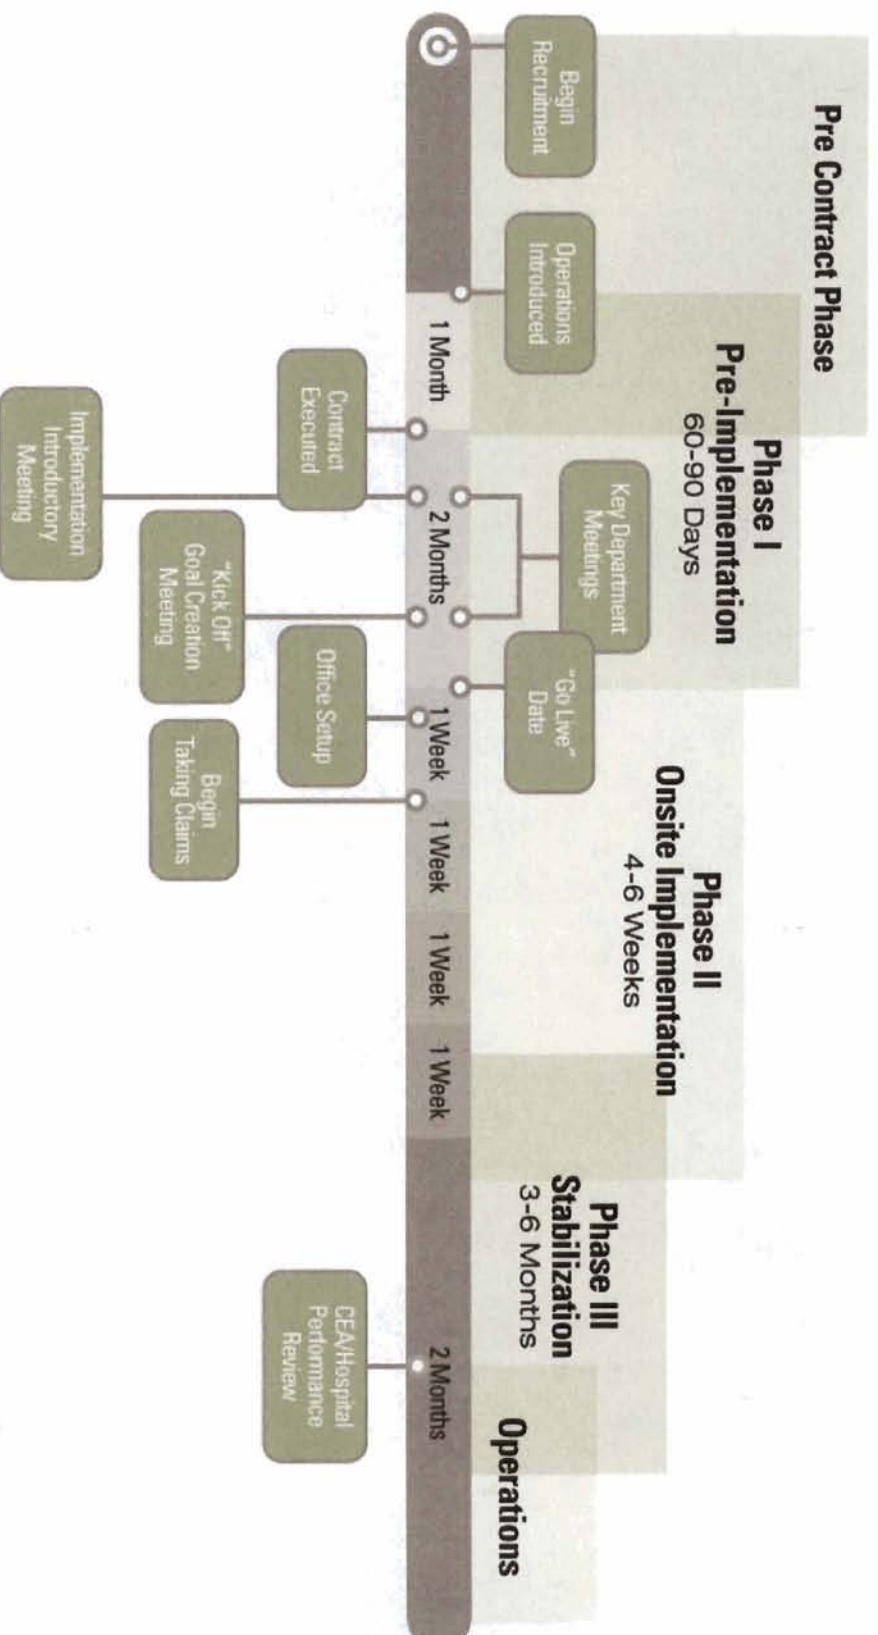

Timing/Location of Contact with Patient:

- Frequently post discharge; by telephone and mail
- While receiving treatment/prior to discharge, almost all in person contact

The Implementation Protocol

7

CEA utilizes a proprietary project management approach for systematic implementation of new customers, managed by a dedicated functional team with significant experience. Although CCHHS is not a new customer, the size/scope of the Go-Forward Plan necessitates the full use of this specialized approach.

The Implementation Difference

8

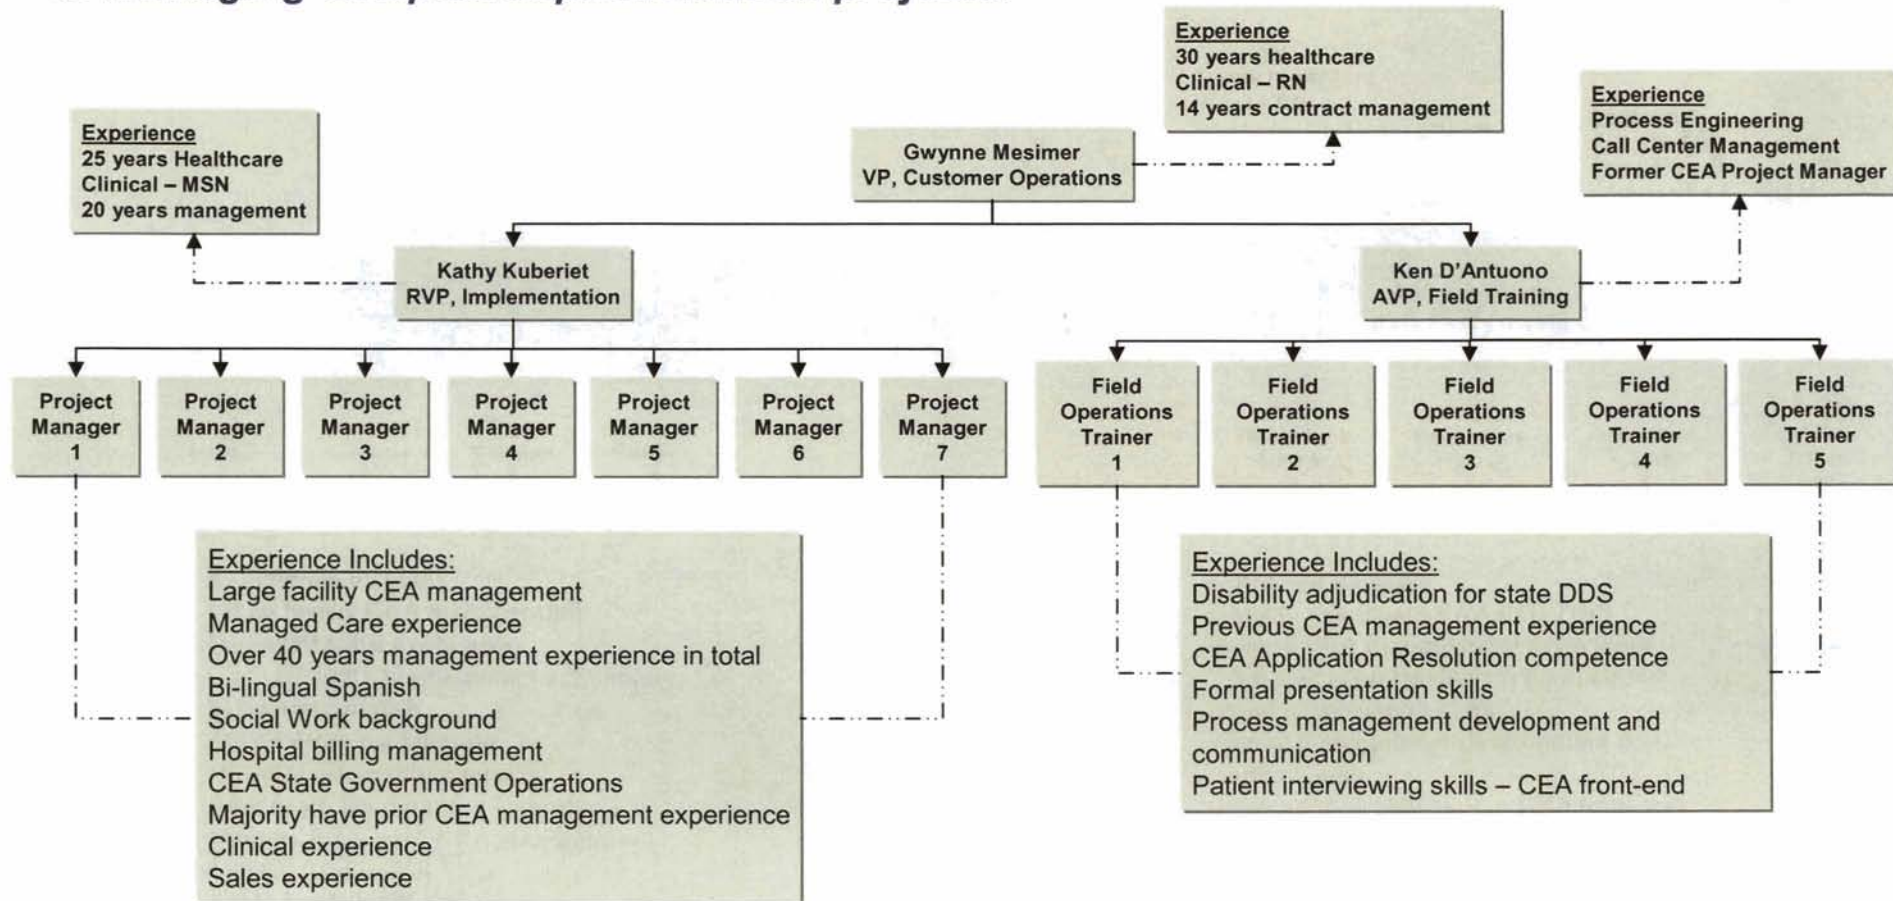

The implementation department operates under the direction of an experienced operational manager and assigns our most qualified and tenured personnel from major functional areas of the company

- Each new customer start-up is managed by an experienced project manager and interfaces with CEA's operations, sales, client services and finance departments to ensure a quick and efficient start to operations
- Our implementation protocol follows the same process for all programs/customers irrespective of eligibility programs served
- Once the project manager is assigned project planning begins. Key customer staff members are vital participants in the process
- Key features and benefits of our proprietary protocol
 - Proven project plans evolved over time with use of best practice methodology and successful outcomes
 - Project management approach and discipline with use of MS Project for tasks, milestones and constraints when indicated

Highly Experienced Team

9

CEA has a highly qualified functional team with deep experience exclusively dedicated to managing complex implementation projects.

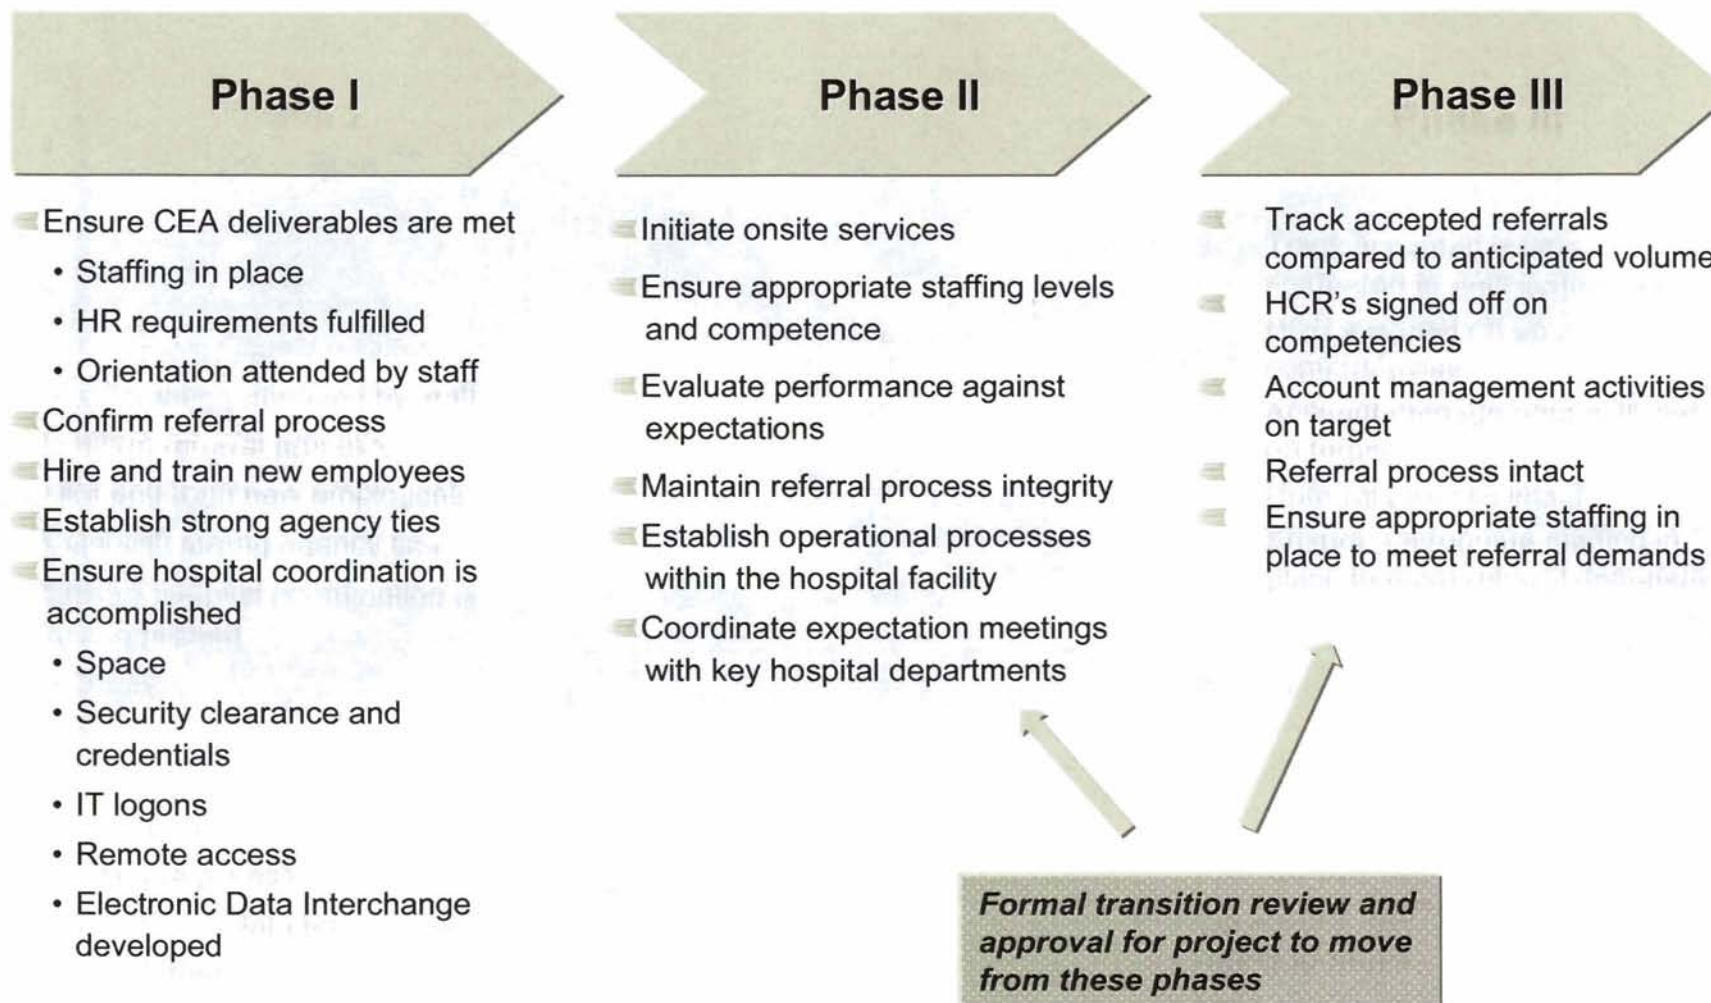

- Over 75 new hospital implementations past 4 years
- Significant “peer group” system experience (Jackson, Parkland, Denver Health, Boston MC, Iasis, University of KY and more)

Key Deliverables / Milestones by Phase of Implementation

10

The CEA implementation approach utilizes best practice project plans with defined deliverables and milestones for each phase of the project

The Project Plan

11

CEA and MedAssets have agreed on the key deliverables and timelines necessary to build the detailed project plans. Below is a small sampling of the overall project plan

The Tailored CCHHS Implementation Project

12

CEA will manage the expanded work scope implementation in three distinct stages to ensure optimal results

<u>Implementation Stage</u>	<u>Go Live Date</u>	<u>Scope</u>	<u>Staffing</u>
Stage One	October 1, 2009	Provide comprehensive eligibility screening & financial counseling for all inpatients at all hospitals to include Carelink	Dedicated Employees 44 Implementation 5
Stage Two	January 1, 2010	Provide comprehensive eligibility screening & financial counseling for all outpatient to include 3 walk-in centers to include Carelink and all clinic patients	15 5
Stage Three	April 1, 2010	Provide comprehensive eligibility screening & financial counseling for all Emergency Department patients	7 5

As our protocol dictates, a significant investment of effort, time and money has already been made to ensure that key deliverables are in place to meet the Stage One “go live” commitment of October 1st

Project Plan

- Detailed plan complete
- Adjustments made real time as situation dictates

Recruitment/Training

- 32 candidates interviewed
- 11 new hires/pending
 - 7 w/ Master's degrees
 - 4 w/ Bachelor's degrees
 - 5 bi-lingual
- 4 Supervisors identified
- NET Training scheduled 8/10
 - 2 Project Managers
 - 3 Field Trainers

Operation/Deliverables

- Work scope & referral process designed
- Stage One Implementation Project Plan completed
- Computers, scanner and office equipment ordered

CCHHS Deliverables

- Work scope & referral process agreed upon
- Space identified

■ Are there any questions?

■ Key next steps include:

- Finalizing economic arrangement and contract
- Hire remainder of staff
- Training personnel for October 1 start
- Finalizing all logistical support required
 - Space
 - Equipment
 - Credentialing procedures for employees new to CCHHS
- Aggressively sticking to agreed upon timeline

COOK COUNTY HEALTH & HOSPITALS SYSTEM**MISSION STATEMENT**

The Cook County Health and Hospitals System will deliver integrated health services with dignity and respect regardless of a patient's ability to pay; and,

Foster partnerships with other health providers and communities to enhance the health of the public; and,

Advocate for policies, which promote and protect the physical, mental and social well being of the people of Cook County.

Board of Directors
Cook County Health and Hospitals System

The accompanying monthly financial statement package of the Cook County Health and Hospitals System, for the six months ended May 31, 2009 and the related Management's Discussion and Analysis, Income Statement, Statistics, Payer Mix, and Top Ten DRG's for Each Facility have been prepared by Management who is responsible for their presentation and disclosure. These statements have not been compiled, reviewed or audited by independent accountants.

CCHHS maintains an internal control structure designed to provide reasonable assurance that assets are safeguarded and that transactions are properly executed, recorded and summarized to produce reliable records and reports,

To the best of Management's knowledge and belief the statements and related information were prepared in conformity with generally accepted accounting principles and governmental accounting standards using the modified accrual basis of accounting and are based on recorded transactions and Management's best estimates and judgment.

Summary

The Cook County Health and Hospitals System year to date financial results finished the sixth month of the fiscal year ahead of budget by \$2,949,441. The overall revenue shortfall at the end of the sixth month was \$7,767,769. Expenses were below budget by \$10,717,210 or 2.0%.

Note: The budgeted revenue and expenditure amounts used on this financial statement are pending final publication of the FY 2009 Budget.

Operating Revenue

Fees at the end of May collected from patient services were above budget year to date by \$2,653,739 or 1.8%. The number of Medicare visits is down this year compared to the same period last year.

Other Revenue at the end of May is below the budget by \$798,061 or 22.5%. Prior year revenues included one time payments which was factored into the 2009 budget.

FMAP and NetDSH are recognized on a accrual basis to Budget.

Total Operating Revenue at the end of May was above budget year to date by \$1,855,677 or 0.8%.

In June 2009, the Health and Hospitals System received a net lump sum payment from the State of Illinois of \$132 million. This lump sum payment was negotiated with the state as part of the new intergovernmental agreement between the state and the County. One of the major features of the new agreement is the lowering of reimbursement rates for inpatient stays for the system beginning July, 2008. Included in this amount was a payment of approximately \$50 million net for hospital bills adjudicated after June, 2008. These bills were adjudicated at the older "higher reimbursement" rates. As a result, the State of Illinois will be withholding inpatient payments to the three hospitals based on the newly negotiated rates until this amount is repaid. These amounts were

This information is an integral part of the accompanying consolidated financial statements

withheld beginning in July, 2009 and anticipated that the recoupment period could last from 4-5 months at Stroger to as long as a year or more at Provident. A full presentation showing the effect of the new agreement and its impact on the current and future budgets of the Health and hospital's System is planned for the Finance Committee meeting on September 4, 2009.

Operating Expenses

Operating Expenses at the end of May were below budget by \$10,717,210 or 2.0%. This favorable expense performance was due to positive variances for Supplies, Purchased Services, and Utilities. Salaries and Employee Benefits were under the budget year to date.

Salaries and Wages – \$23,073,323 or 8.1%

Salaries and wages were below the budget at the end of May due to the FY 2009 Budget not being approved until mid-February which resulted in none of the new budgeted positions being recruited for.

Benefits - \$3,269,490 or 8.1%

The level of Benefit expense is directly related to salary and wage expense. Benefits for employees are below the budget because salaries and wages are also below the budget.

Supplies – \$2,500,000 or 3.1%

Each of the System facilities supply expenses are below the budget year to date. The System is using the accrual convention to estimate supply expense based on the budgeted expenditures minus any documented savings to date.

In comparison to the prior year, the estimated YTD May 31, 2008 supply expense of \$50,211,387 (\$38,019,699 as of YTD May'09) was based on actual expense taken from the Comptroller's ledger of actual items paid by the County. During the preparation of the prior year's report, there were no attempts to estimate an accrual for any missing expenses.

This information is an integral part of the accompanying consolidated financial statements

Purchased Services, Rental, and Other - \$2,100,000 or 2.6%

The year to date level expenses for the System for this category continues to be significantly below the budget. The method used to estimate expense is the same for purchased services as is used for supplies.

Similar to supplies, the prior YTD May 31, 2008 estimated purchase services, rental, and other expense amount of \$47,465,365 (\$29,712,540 as of YTD May '09) was based on expenses taken from the Comptroller's ledgers.

Utilities - \$1,874,216 or 17.6%

The estimated System year to date expense for utilities in total is below budget. The accrual convention to estimate this expense is based on total YTD bills, paid and unpaid, received by the Cook County Industrial Engineer responsible for processing the utility bills for the County.

Similar to supplies, the prior YTD May 31, 2008 estimated utilities expense of \$7,123,272 (\$6,557,992 as of YTD May '09) was also taken from the Comptroller's ledgers.

System Expenses per Adjusted Patient Day

A comparison of year to date expenses per adjusted patient day to the budget is as follows:

<u>Institution</u>	<u>Budget</u>	<u>Actual</u>	<u>Variance</u>
Stroger	\$4,269	\$4,220	1.15%
Oak Forest	\$4,361	\$3,750	14.01%
Provident	\$4,468	\$4,481	-0.03%

This information is an integral part of the accompanying consolidated financial statements

Non Operating Revenue

Non operating revenue at the end of May was below budget by \$9,623,446 or 3.4%. The largest shortfalls from budget are for sales taxes. Note that the revenue budget amounts used on this financial statement package are still pending final publication of the FY 2009 Budget.

Interest Earnings Transfer Out is recognized on an accrual basis to Budget.

Senior Director Supply Chain Management

Operating Unit: Cook County Health and Hospitals System

Description of Service: Requesting approval to amend Contract # 09-45-178 with KCI USA, Inc., Elmhurst, Illinois to allow for the provision of Wound V.A.C. Therapy Systems and accessories to Cermak Health Services of Cook County.

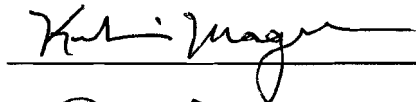

Justification for this contract: John H. Stroger, Jr. Hospital of Cook County previously received approval to execute a sole source contract with KCI for the purchase of negative pressure wound therapy equipment. Cermak will need to purchase this same type of equipment in the event that a patient from Stroger is transitioned for care to Cermak.

Cost of the contract and terms: The original contract amount of \$250,000 was approved by the Cook County Health and Hospital Systems Board on May 22, 2009.
Contract period: 10/01/2009 through 09/30/2010

Chairman
Department of Radiology

Operating Unit: John H. Stroger, Jr. Hospital of Cook County

Description of Services: Chicago Radiation Oncology SC (609 Sheridan Road, Glencoe, IL 60022), for the provision of On-Site Radiation Therapy Svcs

Justification for this Contract: We are requesting an increase of \$660,000.00 be added to the previous contract extension (Contract #05-41-192) passed by the board on 4/9/2009. The increase is required to adequately compensate the vendor for service over this period during the approved extension. The process of gaining approval for a renewed contract was administratively extended several times causing delay, yielding confusion. As a result the granted extension is for the correct time period though the dollars corresponding to that time period are inaccurate.

Cost of Contract and Terms: Contract No. 05-41-192
Extended Dates: 12/16/08 thru 6/16/09
Original Increase Amount: \$1,320,000.00

Description of Service:

This request is to extend contract 06-45-615 from 12/01/08 to 11/30/09 for a pain control management system with Hospira Worldwide, Inc.

Justification for this contract:

Approximately \$159,553.00 remains on this contract and approval of this request will allow us to use the remaining money allocated. The pumps, used for pain control, are currently being reviewed by a Hospital Committee to determine the feasibility of upgrading to advanced equipment offered in today's market.

Cost of the contract and terms:

This original contract was authorized by the Cook County Board on 6/20/06 in the amount of \$426,553.00 (Request for time only) (Contract period: 12/01/06 thru 11/30/08).

Budget information: Sufficient funds are available to meet the requested extension period of this contract in Account 361.

Description: Requesting approval to **extend contract # 05-41-222 from 10/1/09 through 4/30/10** with Northwestern Pharmaceuticals & Supply Corporation, 7301 N. Lincoln Avenue # 196, Lincolnwood IL 60712 for Human Immunodeficiency Virus (HIV 1/2) and Hepatitis Serology Tests at Stroger and Provident Hospitals.

Justification: The department wants to change the current instrumentation to the new technology of Ortho, which is to be FDA-approved, per manufacturer, by the end of year for the following reasons:

- Shorter turnaround time because positive results do not need to be repeated due to technology's "Intellicheck System"
- Cost-savings on reagents, consumables and labor because of no repeats and technology has "True Random Access" system. The system allows random specimen feeding into instrument without having to run quality control samples before hand. Quality controls are run only at the beginning of performing shift. Current system is a batch-type system. Quality controls must be run before any specimens are tested.

The Department of Pathology needs a 7-month extension to wait for this new technology. In addition, parallel-testing studies required by accrediting agencies are to be completed before the new instruments are fully operational.

Cost of Contract And Terms: The original contract was awarded by the Cook County Board on 5/16/2006 for the time frame from 10/1/06 thru 9/30/09 in the amount of \$2,333,967.60

Description of Service: Requesting to extend contract 08-72-51 Re-bid for Temporary Staffing of Certified Registered Nurse Anesthetists (CRNA) Services with Saber Salisbury Group, Troy, MI.

Justification for this contract: The contract is utilized on an as needed basis to cover hospital staff shortages due to vacations, illness or vacant positions. The contract was bid and awarded with a unit measure of hours **and** a contract period of 12 months which is scheduled to expire on 10/31/09. The vendor has agreed to honor the hourly rate originally proposed until the exhaustion of funds. Therefore, extending the contract period will allow us to continue providing the service with no additional increase in rates or down time to in-service new vendor staff.

Cost of the contract and terms: The contract was awarded by the Cook County Health and Hospitals System Board 8/7/08 in the amount of \$144,000.00.

Budget information: This request is for time only from 11/1/09 thru 10/31/11. Approximately \$120,000.00 remains available for this service.
